## Nectar 3 Plus top features

### Vocal Assistant

- Analyzes the content of your vocal performance and generates an effects preset form-fitted to the nuances of your singer and your music.
- An improved **Unmask** ensures your vocal is loud and clear without causing artifacts or unwanted EQ cuts for other instruments

### Pitch Module +Key Detection

- Save valuable time by using the Learn button to detect your vocal's key and suggest three possible keys for pitch correction. You can also manually set the key or transpose your vocal line to match the tone of your music effortlessly.

### Dynamic EQs

- Nectar 3 Plus offers two new 24-band **Dynamic EQs** designed for vocals. These EQs are transparent, clear, and are perfect for both correcting and creating. With adaptive nodes for frequency sculpting and pitch tracking and more
