# PLUG-IN COLLECTIVE

Welcome to the Focusrite Plug-in Collective

So far, the Focusrite Plug-in Collective have partnered with top plug-in developers including SoundRadix, Eventide and Positive Grid to provide registered Focusrite customers with great plug-ins, anda new offer will be in their accounts every month.

This month's Plug-In Collective Offer: Sound Radix

Free Sound Radix SurferEQ 2 Boogie plug-in, developed exclusively for Focusrite customers, and 25% discount off SurferEQ 2 from 29 March to 3 May.

SurferEQ 2 Boogie features three bands, two of which can be switched to Shelf mode, while the centre band can be switched between Surf and Static mode. Surf mode tracks the pitch of a monophonic instrument or a vocal source and can adapt its bands' frequencies relative to the music in real time, maintaining the natural harmonic balance of the sound source and making it possible to shape the source's timbre relative to the notes being played.
