

LEWITT: iZotope bundle year-end sales promotion

LEWITT has partnered with iZotope to offer a bundle sales special between October 2024 and January 2025!

Promotion Start date: October 30, 2024

Promotion End date: January 10, 2025

Bundle and Products

On all LEWITT hardware products that are bought within the above period, the customer will receive the following 2 **iZotope Plug-ins** for FREE:

RX Elements

Perfect for content creators and musicians, RX 11 Elements is an easy-to-use, intelligent noise reduction and audio repair toolkit. RX 11 Elements features six plugins for audio rescue that you can use in your favorite host: De-click, De-clip, De-hum, De-reverb, Voice De-noise, and the Repair Assistant.

Melted Vibes

Dive into a world of quirky and hypnotic melodies with Melted Vibes, a virtual instrument plugin by Native Instruments. This innovative tool allows you to effortlessly create infectious earworms with its collection of warped keys, detuned plucks, and wonky synths. Explore 150 presets designed specifically for pop, trap, and R&B productions, and unlock a universe of musical possibilities.

How to receive the 2 free plug-ins?

Once you received your LEWITT microphone or interface, you can navigate to your [myLEWITT](#) account and register your product. Once the registration has been validated, you will receive the (2) activation codes for the plug-ins and a link to the Native Instruments and iZotope Websites respectively, from which both products can be downloaded and activated. That's it.
